To Whom it May concern,

I am writing as a former resident of Barns Green to object to the planned development near the village pub.

The area is already short on infrastructure, with the new development at the campsite has already caused plenty of issues for traffic along Chapel Road. Further housing, at least in that location (an area of frequent flooding) would cause huge transport issues and challenges for both the pub and the shop.

Whilst more housing is understandable for the village, that is not the best location and would urge you to consider alternative options.

Best wishes,
