| Comments:            | Please note my objection in the strongest terms to this development!                                                                                                                                       |

The area already floods regularly in bad weather  
The roads cannot take the additional parking, traffic & noise  
There are not the schools or doctors to deal with the additional residents  
It will totally ruin yet another beautiful village, let alone the disruption, mess and noise during the building
