Hi Matthew,

EH have reviewed the TRC Verification Report, dated June 2026, and we have the following comments to make.

1. We note that the following is stated in section 3.1 of the above report 'The locations of foundations and drainage runs are shown in third party drawing 140-CIV-D01 Proposed Drainage Plan_C4, Annex A, and includes annotations showing the suspected locations of the USTs'. We have reviewed this drainage plan but are unable to see any annotations which indicate the suspected location of the USTs – we would be grateful if this can be addressed.
2. All other comments/concerns have been addressed.

Kind regards

Kevin

Kevin Beer
