Dear Sir/Madam,

I hope you are well.

We wish to object to the planning application for DC/26/1312 for the proposed 2 storey building. We have concerns about the design and positioning of the proposal impacting the character and appearance of Churchill Avenue, It may appear cramped and therefore have an adverse impact on the openness of the street. Moreover, it would have a noticeable visual impact from my property at no24.

It would also put pressure on parking and access in this area which could affect pedestrian safety.

We ask the council to carefully consider whether the proposal is appropriately designed and positioned for the character of the area.

We respectfully request that the application be refused.

Kind regards,

[REDACTED]
