Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Overdevelopment - Privacy Light and Noise
Comments:	The raised garden height means we have no privacy in our garden anymore and the added windows in the side and top of the building means we are more overlooked than ever The extension of the canopy creates a risk to our safety as anyone can climb over to our garden and study room

The persistent slamming of sledgehammers and pneumatic drills as they are doing again today has caused cracks in our house and means door frames have moved so doors no longer closing easily.
The constant slamming and vibration is actually destroying our home

Kind regards
