Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	I object strongly to this application. The subject matter was decided against with good reasons on a previous application (DC/22/1413) and should once more be refused. As regards aesthetic and its impact on a very important listed

building in Slinfold:

The new application differs only in the ephemeral nature of planting and landscape.

A listed property changes hands over the years with consequent potential change of use and lack of upkeep.

A future owner might, for instance, abandon the planting and park a caravan which would mask the listed building entirely!

The renderings, shown here on the report by DMA, differ significantly in plan and extent of planting (Note the large turning space on plan and the discrepancy with the image 'Proposed Landscaping').

The post and rail suggestion is totally at odds with the more appropriate picket fence and cottage garden which is currently a significant contribution to the streetscape of Slinfold.

As a neighbour, I find no concern re my ability to find car parking space in the vicinity (both on the street, in Clapgate Lane and out-of-hours parking in the School Car Park).

Further vehicular entrance here on The Street (on such a dangerous corner and opposite Clapgate) would further exacerbate congestion and put pedestrians and schoolchildren in danger.

I implore the committee to consider this application with great care. The aspect and maintenance of listed buildings, once lost, would be a permanent loss to the village of Slinfold.

Thank You.

Kind regards
