Reason for Lawful Development Certificate

Please indicate why you are applying for a lawful development certificate

- ☐ An existing use
- ☒ Existing building works
- ☐ An existing use, building work or activity in breach of a condition

Being a use, building works or activity which is still going on at the date of this application.

Description of Existing Use, Building Works or Activity

Please fully describe each existing use, building works or activity for which you want the lawful development certificate. Where appropriate, show to which part of the land each use, building works or activity relates

This application seeks a Lawful Development Certificate to confirm that material operations were lawfully commenced pursuant to planning permission ref. DC/15/1744 (replacement dwelling at Chandlers, West Chilton Lane, Broadford Bridge, Billingshurst, RH14 9EA).

On 17 September 2018, foundation trenches were excavated to a depth of approximately 1.2 metres into stiff clay in accordance with the approved plans.

County Building Control inspected the excavated foundation trench on 17 September 2018 and confirmed in writing that the works were satisfactory and "OK to concrete this section."

Concrete was subsequently poured within the approved foundation trench.

The excavation and pouring of concrete foundations constitute material operations and therefore lawful implementation of the planning permission within the required time period.

If the certificate is sought on 'Other' grounds please give details

The building works were lawfully commenced within the time limit pursuant to planning permission ref. - ☒ No

Please state why a Lawful Development Certificate should be granted

Planning permission ref. DC/15/1744 granted consent for a replacement dwelling at Chandlers, West Chiltington Lane, Broadford Bridge, Billingshurst, RH14 9EA.

On 17 September 2018, foundation trenches were excavated to approximately 1.2 metres into stiff clay in accordance with the approved plans. County Building Control inspected the excavated foundation trench on 17 September 2018 and confirmed in writing that the works were satisfactory and “OK to concrete this section.”

The excavation and pouring of concrete foundations constitute material operations under Section 56 of the Town and Country Planning Act 1990 and therefore lawfully implemented the planning permission within the statutory three-year commencement period.

The attached Building Control inspection record, approved plans and photographic evidence confirm that the development was lawfully commenced.

The applicant therefore seeks confirmation that the planning permission has been lawfully implemented.
