SUBJECT:	DC/24/1311 Creation of a dropped kerb and tarmac driveway to the front. (Retrospective).
DATE OF SITE VISIT:	n/a
RECOMMENDATION:	Advice

This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

This proposal is for the creation of a dropped kerb and tarmac driveway to the front. (Retrospective). The site is located on Foxfield Cottages, an unclassified road subject to a speed restriction of 30 mph.

The vehicle crossover (VCO) has been implemented under license by WSCC. It has been operating safely for a number for years and therefore the LHA has no highway safety concerns.

The LHA does not consider that this proposal would have an unacceptable impact on highway safety or result in 'severe' cumulative impacts on the operation of the highway network, therefore is not contrary to the National Planning Policy Framework (paragraph 115), and that there are no transport grounds to resist the proposal.
