Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment
Comments:	It is a field full of wildlife that has been there for years and continue to be if left untouched. It is an area of natural outstanding beauty and should be left alone. There seems to be some underhand tactics by the owner butchering the site prior to a survey to assist and eliminate wildlife to give a false reading on current wildlife. We have just moved in

to the area and have already noticed plenty of wildlife in this area. It would be a travesty if this was allowed to just allow 4 luxury homes in an area of natural outstanding beauty. That would give the wrong message that the rich could just buy anything and not taking the wildlife into consideration. There are plenty of other spaces where 4 luxury homes could be built without destroying wildlife homes and an area of natural outstanding beauty.

Kind regards
