Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment
Comments:	I can't believe I'm objecting to yet another planning application. First it was the tip, then more housing and now industrial units. The roads around the area are not designed to cope with the heavy load traffic. I scream everytime I am squashed in my small car coming face to face with another Sweeptech juggernaut on Horn Lane. There are at least 5 available units to rent within the area. Why can't all of these units be filled before even considering another site? Do a search on available units within a 5-10 mile

radius. Small Dole cannot cope with more industrial traffic. The reoccurring pots holes are definitely due to the heavy vehicles. I have lived in the area for 34 years where I had to dice with death from the Brown company vehicles going to the tip for the first 20 years. We had peace & quiet for 6 years then Sweeptech arrived. I think I may invest in a tank for my safety. I'm sure the committee will use their common sense????

Kind regards
