Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment
Comments:	I do not support this application. I live next door to Butlers which my property adjoins on two sides. My main concern is that this will set a precedent for further development at Butlers which has a large plot of potential land. Tower Hill at the moment provides a much needed unspoilt gap between Southwater and Horsham. This has been set out in detail in previous rejections of planning applications and so far has maintained the character of the area and not led to sporadic

development.

The applicant notes the shortage of homes in Horsham but surely this should be viewed in conjunction with other proposals in the area. Permission to build 1000 homes to the west of Southwater is currently under active consideration and the boundary of this proposal extends to just a few hundred metres south of Butlers which will totally change the local landscape.

It would therefore seem even more important than ever to preserve the originality of Tower Hill as a much needed gap between Horsham and Southwater.

Kind regards
