3 Pre-Commencement Condition – Traffic Management:

- Traffic Management Plan (*confidential*)

4 Pre-Commencement Condition – Noise Management:

- Noise Management Summary attached

5 Pre-Commencement Condition – Amenity of neighbouring properties & Ancient Woodlands:

- TMLS 2024 V1 Course Map showing obstacle dig locations & Route through AW attached. V1 shows above ground obstacle locations.
- TMLS 2023 Event Village Map attached as guide to layout
    - Details of the site set up (including the car parking areas, base area, campsite) Same as 2023 - no change
    - Event Village main infrastructure will remain in the same locations as 2023 (startline, finish, marquee locations etc)
    - Course route near neighbouring properties & Ancient Woodlands remains unchanged from 2023
    - The event will utilise the same route as previous years through the Ancient Woodland. All tracks used are pre-existing or have previously been used by Tough Mudder.

The details of the site restoration:

As per TM's land rental agreement with the venue, all areas are to be restored to their original condition following the event. Specifically, this involves;

- Refill of all dig sites including necessary landscaping and reseeding
- Aeration/harrowing/reseeding of course sections as appropriate
- Aeration/harrowing/reseeding of parking & village areas as appropriate
- Any other restoration as appropriate

Measures for ensuring public health and safety *(as it relates to 5 Pre-Commencement Condition – Amenity of neighbouring properties)*

- Obstacles are built on private property
- Obstacles are appropriately signed and those with water/excavations are fenced using Herras or similar
- Experienced contractors, familiar with the site, are mindful of local residents and other site users, including;
    - The safe use of plant/machinery
    - Driving speed limits
    - Access control & safe housekeeping
- 24hr Security in operation from Monday 16th September until Tuesday 24th September

The protection of biodiversity (as it relates to 5 Pre-Commencement Condition – Ancient Woodland)

- Operations, and course, in Ancient Woodland areas are kept to existing paths and previously used routes.

The dates of the event, the dates that the site set-up/site take down will be undertaken:
