Reasons for comment:	
Comments:	I realise there is a requirement for more houses and development is important. But the access for this development, the lack of provision for parking, and the overall disregard for basic infrastructure is poor. Most disappointingly is that the primary school loses its ability to offer forest schools as sharing an area with the public and dog walkers is unsatisfactory. Also, there is no provision for Forest school during development. The gain of a sports pitch and pavilion is not a fair trade off for what the village and particularly the school will be losing from this development. I hope a better solution can be found than this dreadful proposal.

Kind regards
