Categories: Consultations

Dear Planning,

I write further to the above consultation following the submission of a Noise Management Plan (NMP) for the use of the external seating area, following Permitted DC/23/1596.

It has been confirmed that the Service has not received any relevant complaints from neighbouring domestic properties since the Application was decided and finds the principles set out in the management plan to be reasonable.

It would be recommended that the Applicant extends an invitation to their neighbours to contact the venue directly should they be experiencing related disturbance from the external seating area – a common inclusion in the NMP – but otherwise this Service has NO OBJECTION to the Application.

If there is anything in this email that you do not understand, or if you have any other questions or queries, please do not hesitate to contact this Service or myself directly.

Kind regards.

John Griffiths
Area Environmental Health Officer
