Dear Sam
Please can you explain the application for certificate of lawfulness regarding the above ref. We are the neighbours to Highdelf and have shared access to our properties . My concern if they are thinking about making parking spaces in between the trees which have a TPO on them, and is in a conservation area we are going to get everyone parking in those spaces, unless a gate is put up at the top of the drive . I need 24 hr access to my property [redacted] I think this is only going to cause problems with people parking there and going on to use the station for daily work , wear and tear on our drive will become a problem , so unless they are thinking about putting a gate up I object to this being done. Yours sincerely [redacted]
