Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment
Comments:	This is a narrow residential road, with already issues around parking. This residential road is already difficult to navigate at anytime of the day and the increase in parking demands will not improve with this development. Clearly this proposal is a not in keeping with this residential area and is an overdevelopment of a very small residential plot. There seems to be no living space contained in the development

and a limited kitchen space.

Limited external space for recreation, bin storage, no parking or cycle storage off street.

There will clearly be an impact on drainage/sewage with six on suites proposed.

Kind regards
