Dear Daniel,

Environmental Health have reviewed the AP Geotechnics Remedial Action Plan Report No. 6120 v3, dated 20.05.26, and we are satisfied that parts a to c of condition 3 can be formally discharged.

Part (d) should however remain undischarged until the development is complete and a verification report has been submitted to the LPA which confirms that the measures detailed in the remedial strategy have been implemented to our satisfaction.

Kind regards

Kevin
