| PROJECT NOTES |                                                                                                                                                 |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| 1             | All external materials must be verified on site prior to construction.                                                                          |
| 2             | Drawings are subject to building regulations and structural engineer approval.                                                                  |
| 3             | Planning approval does not imply compliance with Building Regulations.                                                                          |
| 4             | Any discrepancies or errors found in the drawings must be reported immediately before proceeding. No claims shall be made against the designer. |
| 5             | These drawings are for the purpose of information only and are not to be used for construction without the written consent of the designer.     |
