Customer Details

Address: Trinity Cottage, Henfield Common North, Henfield Common North Henfield Common North Henfield

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	This is over development of this site. The new plans do not change anything. Plot 9 is not leaving enough green space between Trinity Cottage and the other property attached taking away privacy and light. The developer states they are leaving

green space so as not to effect existing properties but the is not the case with plot 9 and it does not state how far from the boundary this plot is. The proposed hedge and trees on the south of the plot will also take away light from properties on Henfield common north. The road into the development site is not adequate for this size of development and the large oak trees roots are also not being taken into account. This development should not go ahead with this number of properties on this plot and definitely not plot 9 which has been squeezed in to make the developer even more money. I therefore still object.

Kind regards
