Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	I am objecting to this application because it will bring even more traffic congestion to the roads of Barns Green. The village is used as a rat run by more and more people wishing to avoid the A24 and the 264 roads. The roads are very narrow and will addition parking outside the Pub and shop it has become almost a no go area for residents. Accidents at the cross roads are increasing because of poor driving by non residents and speed restrictions are ignored regularly. The Infrastructure can not sustain further

housing. The suggested housing is not required in the village as can be seen by the number of houses still unsold on the new development. If planning was granted, then access should be from Muntham Drive and not on Chapel Road for obvious reasons.

Kind regards
