Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment - Privacy Light and Noise
Comments:	The application for a 60-day pop-up campsite should be refused for the following reasons: - Naldretts Lane is a quiet, single track country lane and completely unsuitable for large motorhomes and caravans, which block the road, try to turn in driveways and wreck the verges as they attempt to pass each other. It is already struggling to cope with the significant increase in traffic from the Topiary site since covid. [REDACTED] - Campers leave litter in the ditches between the Topiary and Haven road as they depart. I've seen all sorts of rubbish from discarded pillows and even a child's car seat - not to mention fast food containers, wrappers, cans and other general waste. This is not dealt with by the Topiary, it is left on the lane for residents to pick up. - In previous years there have been caravans on the site which are not permitted under the 60-day camp site rules - The toilets and showers on the site, are not temporary, as they should be under the 60-day

rules. They are brick built and permanent.

Please consider other residents in rejecting this application.

Kind regards
