Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking
Comments:	This area was in the agreed Neighbourhood Plan for 10 single storey dwellings to allow for resident downsizing and this proposed development does not comply with this in a number of ways. They are not single storey or designed for residents to downsize. The proposal includes 2, 3 and 4 bedroom houses with limited car

parking so increasing the number of vehicles in the surrounding area.

This would increase the amount of access traffic along Furners Mead, a cul-de-sac, which is not very wide and is currently quite congested with parked cars. Also part of the access is via Daisycroft which is a private road.

Construction vehicles would also experience severe difficulty in gaining access.

Kind regards
