| <p><b>MAIN COMMENTS:</b></p> <p>Horsham Denne NC Tree Warden, Andrew Dickinson, has visited the site and his report is as follows:</p> <p>The Birch tree was inspected, with the owner, who agreed the course of action to be applied to the main crown area, both to the lower and higher crown.</p> <p>The top crown area can be reduced from all vertical growth, lowering top growth to the umbrella shape of this Weeping Birch tree. All lower canopy growth can be raised approx. 2.5m, which should give good clearance from the ground.</p> <p>This surgery should improve light levels to the house.</p> <p>Therefore, HDNC has <b>no objection</b> to this application.</p> |                                                                    |
