BAT & BIRD BOX INSTALLATION PROPOSAL

It is proposed to install 2 double bat boxes and 4 bird boxes on the site.

Stable Barn
It is proposed to install 1 bat box and 2 bird boxes on this building. The bat box will be a Kent design double bat box, and will be installed on the uppermost part of the building under the eaves. The bird boxes will be timber bird boxes, and will be installed on the uppermost part of the building.

Lower Barn
It is proposed to install 1 bat box and 2 bird boxes on this building. The bat box will be a Kent design double bat box, and will be installed on the uppermost part of the building under the eaves. The bird boxes will be timber bird boxes, and will be installed on the uppermost part of the building.

HEDGING SPECIES PLANTING PROPOSAL
It is proposed to infil the North and South boundary hedgerows, and to plant the West Boundary hedge with mixed native species detailed below.

Scientific Name	**Common Name**
Prunus Spinosa	Blackthorn
Crataegus Monogyna	Hawthorn
Sambucus Nygra	Elder
Ilex Aquifolium	Holly
Corylus Avellana	Hazel
