

Materials to be used in the renovation works.
The bricks, slates, fascias, soffits, and rain water goods are to match those of the original building as closely as availability allows.
Note: The single storey part of the building was a later addition to the main Hall.
The materials to be used are to match the single storey addition.

New gutter, black PVC, to match the original gutter and down pipe, to be reconnected to the original rain water gully

Window in main hall is above the ceiling level of the kitchen / WC and remains unaffected by the proposed alterations.
