Dear Sir/Madam,

Town and Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure England) Order 2015

Application for Approval of Details Reserved by Condition 8 to approved application DC/21/2321

Land at New Place Farm, Pulborough, West Sussex, RH20 1AT

SPLIT DECISION

The Authority has considered your application, and I can confirm that the submitted information is acceptable pursuant to parts a) and b) only of the following condition:

8. **Pre-Commencement Condition:** No development (including any ground clearance or site levelling) shall commence until the following components of a scheme to deal with the risks associated with contamination (including asbestos contamination) has been submitted to and approved in writing, by the Local Planning Authority:

(a) A preliminary risk assessment which has identified:

- all previous uses;
- potential contaminants associated with those uses;
- a conceptual model of the site indicating sources, pathways and receptors;
- potentially unacceptable risks arising from contamination at the site.

The following aspects (b) - (d) shall be dependent on the outcome of the above preliminary risk assessment (a) and may not necessarily be required.

(b) An intrusive site investigation scheme, based on (a) to provide information for a detailed risk assessment to the degree and nature of the risk posed by any contamination to all receptors that may be affected, including those off site.

(c) Full details of the remediation measures required and how they are to be undertaken based on the results of the intrusive site investigation (b) and an options appraisal.

(d) A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in (c) are complete and identifying any requirements for

longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action where required.

The development shall thereafter be carried out in accordance with the approved details. Any changes to these components require the consent of the local planning authority.

Reason: As this matter is fundamental to ensure that no unacceptable risks are caused to humans, controlled waters or the wider environment during and following the development works and to ensure that any pollution is dealt with in accordance with Policies 24 and 33 of the Horsham District Planning Framework (2015).

Date of approval - 17th December 2024

The development shall be implemented in accordance with the approved plans and details listed in the schedule below.

Schedule of plans/documents:

Plan Type	Description	Drawing Number	Received Date
Supporting Docs	ASBESTOS SURVEY REPORT		31.10.2024
Supporting Docs	COVERING LETTER		31.10.2024
Supporting Docs	Phase III Site Investigation report issue part 1		31.10.2024
Supporting Docs	Phase III Site Investigation report issue part 2		31.10.2024
Supporting Docs	Phase III Site Investigation report issue part 3		31.10.2024
Supporting Docs	Phase III Site Investigation report issue part 4		31.10.2024
Supporting Docs	Phase III Site Investigation report issue part 5		31.10.2024
Supporting Docs	Phase III Site Investigation report issue part 6		31.10.2024
Supporting Docs	Phase III Site Investigation report issue part 7		31.10.2024
Supporting Docs	Waste Classification Issue 1		31.10.2024
Supporting Docs	CPG SOAKAWAY TESTING LETTER		31.10.2024
Supporting Docs	LAND NE GLEBELANDS SITE APPRAISAL APPX		31.10.2024
Supporting Docs	CE GAS ADDENDUM LETTER REPORT		31.10.2024
Supporting Docs	PULBOROUGH DESK STUDY PART 1		31.10.2024
Supporting Docs	PULBOROUGH DESK STUDY PART 2		31.10.2024

Supporting Docs	PULBOROUGH DESK STUDY PART 3		31.10.2024
Supporting Docs	PULBOROUGH DESK STUDY PART 4		31.10.2024
Supporting Docs	PULBOROUGH DESK STUDY PART 5		31.10.2024
Supporting Docs	PULBOROUGH DESK STUDY PART 6		31.10.2024
Supporting Docs	PULBOROUGH SOAKAWAY TESTING REPORT		31.10.2024

I can also confirm that the submitted information is **NOT** acceptable pursuant to parts c) and d) of the following condition:

8. **Pre-Commencement Condition:** No development (including any ground clearance or site levelling) shall commence until the following components of a scheme to deal with the risks associated with contamination (including asbestos contamination) has been submitted to and approved in writing, by the Local Planning Authority:

(a) A preliminary risk assessment which has identified:

- all previous uses;
- potential contaminants associated with those uses;
- a conceptual model of the site indicating sources, pathways and receptors;
- potentially unacceptable risks arising from contamination at the site.

The following aspects (b) - (d) shall be dependent on the outcome of the above preliminary risk assessment (a) and may not necessarily be required.

(b) An intrusive site investigation scheme, based on (a) to provide information for a detailed risk assessment to the degree and nature of the risk posed by any contamination to all receptors that may be affected, including those off site.

(c) Full details of the remediation measures required and how they are to be undertaken based on the results of the intrusive site investigation (b) and an options appraisal.

(d) A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in (c) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action where required.

The development shall thereafter be carried out in accordance with the approved details. Any changes to these components require the consent of the local planning authority.

Reason: As this matter is fundamental to ensure that no unacceptable risks are caused to humans, controlled waters or the wider environment during and following the development works and to ensure that any pollution is dealt with in accordance with Policies 24 and 33 of the Horsham District Planning Framework (2015).

Note to Applicant:
The applicant is advised to review the officer report available on the public case file to understand the measures required to fully satisfy the condition. This includes the delineate the extent of the hotspots; assess the footprint of the pump house; former above ground heating oil tank room; and inaccessible

areas such as buildings footprints and areas of dense vegetation. Following the further investigations and risk assessments the outline remedial strategy and the verification plan should be updated.

This letter constitutes a legal document which should be regarded as an addendum to the original planning application.

If you have any queries or require further information, please do not hesitate to contact the Case Officer.

Yours faithfully

Emma Parkes
Head of Development and Building Control

ADDITIONAL INFORMATION

Right of Appeals
If you are aggrieved by the decision to refuse permission for the proposed development then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.

You must appeal within 12 weeks of the date of the decision notice for a householder application or 'minor commercial' (shop front) development, and within 6 months for other types of planning applications. There are different timescale – usually 28 days – if an enforcement notice is/has been served for the same (or very similar) land and development. Please note, only the applicant possesses the right of appeal.

Appeals can be made online at: https://www.gov.uk/planning-inspectorate. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are at https://www.gov.uk/government/collections/casework-dealt-with-by-inquiries.
