Comments Details

Commenter Type:	Parish Council
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	Oak trees are of significant amenity and environmental value. The Parish Council requests that the following is considered: Clear arboricultural justification is provided for the proposed felling, including evidence of disease, structural instability, or safety concerns. Consideration is given to alternatives to felling, such as management or reduction works, where appropriate. If felling is approved, a suitable replacement tree of native species is required to be planted within the site.

Kind regards
