Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	My main concern is the access via Church Lane which is not suitable for the amount of traffic that will be caused by the development. The road is too narrow to accommodate construction traffic and at school times the road is very busy with queues waiting to get out on to London road. The pavements are narrow and often parents with their children going to school have to walk on the road, it is an accident waiting to happen. Also there are not enough facilities in the village for 180 houses to be built. The Co-op is only a small shop with limited parking. Where are all the new residents going to park while they are shopping?

Kind regards
