Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	Another 180 homes for an already struggling infrastructure, the GPS are overrun, there's no local A&E, there's alreadyzz no space for young people to go to so adding more youngsters will

increase crime which will affect the policing which is already struggling as they have to constantly get units up from worthing. 180 houses means more cars, more traffic, more road works and repairs, which in turn will increase our council tax. Teachers will become even more overworked and underpaid. Not to mention we will be losing our green spaces, affecting wildlife a.d the environment surrounding it. Also all the new build housing is not exactly nice to look at or in keeping with the area. The trains will become even more busier and crowded for disabled and vulnerable people. Horsham town is already packed on the busy days, we will end up becoming the new Crawley all we will need is an airport!

Kind regards
