Address:	34 Rowan Way Horsham

Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	This is a much more acceptable than the original plans as it is in the same location as other housing and does not boarder the forest and woodland so intusively. It would be comforting to know if this goes ahead the council recognise we are are at capacity for expansion in the Roffey area after these additions of 120 homes. There would need to be robust plans for road access and traffic control at the nearby roundabout. There should be some compensation for those whose views and access would be compromised by the new build.
Where did you hear about this application?	Public Access

Kind regards
