Planning Application Ref: DC/26/1123 - 18 Croft Way

Dear Sirs,

I am concerned about the proposed use of the building behind my bungalow as a Pilates studio.

I already have to look at this building every day, and I would not like to see it used as business premises. I am concerned that such a use could result in noise, lights being on for extended periods, and increased comings and goings, all of which could adversely affect the enjoyment of my property.

I would therefore ask that my concerns be taken into consideration when determining this planning application.

Yours faithfully,
