For the attention of Andrew Bush

Dear Mr Bush,

I am in receipt of a notification to fell 1x Conifer, 1 x Eucalyptus, 1 x Ash at Court House, Rectory Lane, Pulborough.

I certainly support this application, but fail to see why a planning application is required to remove an Ash tree that has long-term die-back to the extent evident. Branches have been falling from the tree for some time and it is becoming dangerous. Regarding the two other trees, these are simply garden planting that have got out of control.

I look forward to the works being carried out as soon as possible.

Yours sincerely,

[redacted]

Barberry Cottage, Moat Lane, Pulborough.
