Dear Nik,

RE: POUND PLACE MILL LANE PARTRIDGE GREEN WEST SUSSEX – PLACES SERVICES RESPONSE

Further to our recent conversation, I have now had the opportunity to review the consultation response made by Places Services in response to the above application. Place Services requested further information on the potential of numerous trees to support roosting bats.

However, it is my understanding that the scheme has been modified and, as such, no works will be undertaken on the aforementioned trees. Hence, the requirement to provide the additional information has been removed.

I hope you find this useful, but if you require any additional information, please do not hesitate to contact me.

Regards,
For and on behalf of Derek Finnie Associates Ltd.
