Hi Matthew,

Sorry for the delay getting back to you on this.

I have reviewed the CEMP dated 08.07.26 and we have the following comments to make.

The above mentioned report still makes no reference to current British guidance, in this case it would be BS 5228 (Code of practice for noise and vibration control on construction and open sites), so that detail needs to be added. The level of detail added to section 4.5 in relation to noise and dust mitigation is however welcomed.

Thanks

Kevin
