Address: Bulbrook House Farm Valewood Lane Barns Green

Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other
Comments:	Despite Southern Waters factually erroneous position on the capacity of Barns Green Waste Treatment Works which may at some point warrant legal scrutiny, they have now announced the closure of the Itchingfield waste water site, resulting in addition sewage being diverted to the overload and not fit for purpose Barns Green Treatment Works. To consider adding another 68

dwelling in addition to the above is irresponsible and untenable. Just because Government has instructed house building does not mean that Councils should be pressurised to accept developments that ruin existing areas in terms of environmental issues. Before any further development applications are considered in Barns Green the Sewage Issue needs to be addressed and sorted. After years of obfuscating Southern Water should be forced to meet their responsibilities and stop lying.

Kind regards
