Reasons for comment:	- Trees and Landscaping
Comments:	Further information following Thakeham Parish Councils response. The middle tree (request to be felled) has no TPO on it - it's an immature, skinny oak which competes for light/nutrition with the larger 2 TPO protected oaks we are keen to look after (hence why we're having them reduced in size a little and dead branches removed). After discussing with our tree surgeon, he agreed they would be healthier without it impeding their growth.

Kind regards
