Comments Details

Commenter Type:	Parish Council
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	Further to our comments made on the 12 November on application DC/21/2257 , we would like to submit the additional comments which were omitted in error. - concerns regarding additional traffic on a single track road, added demand for water may create water pressure issues for nearby properties due to them not being on mains water and the application requires a water neutrality statement setting out the strategy for achieving water neutrality within the development as advised by HDC.

Kind regards
