Subject: DC/26/0271 and DC/26/0378 Sussex Topiary, Naldretts Lane, Rudgwick. Permission for the erection of up to 9 self build park homes AND this year's pop up campsite.

Categories: Comments Received

We are writing to strongly object to the above Applications.

Naldretts Lane is single track and already busy with traffic. It is a big dog walking and horse riding lane. There are two stables and kennels in the lane and further stables in the adjoining Haven Road. Unfortunately, visitors to the area seem to be unaware of this and speed through the lane oblivious to the fact they are likely to meet horses and riders, dog walkers and children playing. It is certainly not an area for a pop up campsite or more dwellings.

We must also mention and object to the noise level from the campsite. It is very noisy during the early and late evening in the Spring and Summer.

There is a considerable amount of 'water' that runs down the lane from the campsite. This does have a very unpleasant sewage smell and is very unpleasant to walk through. Again, this can only get worse with more dwellings and/or a pop up campsite.
