Subject: RE: DISC/26/0012 and DISC/26/0013 (Arun Lea, Condition 4)

Hi Angela,

I hope you are well!

Thank you for sending the updated PWSMP. I can see that the LA approval has been added to the cessation of monitoring section.

However, I can't see that anything has been added about the RO waste. We understand that discharging to the sewer is standard practice and that approval of Southern Water will be sought, at a later date. But we need some reassurance at this stage that they will be ok with this, or that alternative waste removal is possible.

Our concern is that, should the water undertaker decline permission, the whole system becomes unusable. In that case we need to know that safe drinking water will still be provided to the site. If we can see some sort of (even informal) agreement with Southern Water that would assure us that this isn't going to be an issue.

Many thanks

Hi Matt

See Rev 4 of the PWMP attached with the additional sentence as requested on page 7.
Hopefully that now satisfied the EHO team but do let me know if anything more is needed.

Just confirmation needed now from Andy Bush that he is content with C6 of DISC/26/0012, and C5 and C7 of DISC/26/0013, then I think we are good to go with the discharges for 0012 (Phase 1) and 0013 (Phase 2/3).

Thanks,
Angela
