Stance: Customer made comments neither objecting to or supporting the Planning Application

Reasons for comment: - Other

Comments: I have no objection to this application but would point out that whilst the plan shows a single point of access, it will not be possible to restrict entry only to permitted users as the fences along the east and north sides of the site are broken down and non existent due to age and this allows anybody to gain access as is currently the case and which will continue to be impossible to stop without repairs.
I would also like to request a condition that a facility is provided for the collection and removal of dog mess as there has frequently

been instances of owners leaving poo bags in a pile on the perimeter of the site.

Kind regards
