Reasons for comment:	- Other
Comments:	Steyning Cricket Club is a thriving cricket club which provides opportunities for players of all ages to play, from age 5 to age 70+. It has a large junior section including more than 100 young players, including many girls who have the opportunity to play in a girls only team. Many of its teenage players play in one of the four senior Saturday sides. The only thing holding the club back is the state of its pavilion, which is now very old given it was built as a temporary building in

the 70s, and the changing rooms, which have an old fashioned set up. The well-designed redevelopment will provide better facilities for the players of all ages and their parents. During the matches, the players will be able to use the better designed rooms that are appropriate for teams of mixed ages and gender and have a better viewing experience with viewing platform. Before and after the matches they can benefit from a much improved pavilion area. This will help the club continue to support the local community and provide sporting opportunities for all ages.

Kind regards
