Comments:	As a member, player and coach at Steyning CC for over 40 years i have witnessed the development of the club from a traditional village cricket club into a thriving community facility. The club offers both a high level of amateur sport alongside a fully inclusive recreational environment focused on encouraging youth development and involvement from anyone in the local community wanting both physical and social engagement. The club has enjoyed great success and recognition on recent years including ECB Clubmark accreditation, volunteers being acknowledged as outstanding ambassadors at a national level, our juniors teams producing players representing the County (both boys & girls). Unfortunately the success and growth of club has not been matched by the physical clubhouse / facilities, which has been in use for many years beyond its intended purpose. Despite huge amounts being spent on its maintenance/ repair the clubhouse has become an ongoing problem in terms of practical use and appearance.

I fully support this application which will enable the club to continue to enhance the local sporting/recreational community by offering the type of facility that has long been needed for the benefit of the hundreds of people who enjoy everything the club has to offer.

Kind regards
