The proposal to extend the house is acceptable in principle. The extension will be attached to the later rear wings of the house. This later addition is not historically significant and no historic fabric will be disturbed. The design approach seeks to make it clear that this is a modern addition. The use of a large area of flat roof are generally not supported but in this case it will be set back from the principal elevation and will appear a subservient addition. Following consultation with the Council’s Conservation Officer, the flat roof aspect is considered satisfactory as it will not draw undue attention if detailed to have a sleek appearance.

The proposal for a traditionally designed outbuilding to be used as a garage and storage and a second to be used as a pool house is acceptable in principle. Although these buildings should be consolidated under a shared roof. It is suggested that the garage is turned through ninety degrees so the gable faces the road. This is to conceal as much as possible its modern use.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
