

DELEGATED APPLICATIONS - ASSESSMENT SHEET

APPLICATION NO./ADDRESS:

DC/26/0070

Land at 521753 134251 Old Forge Close, Faygate, Horsham, West Sussex, RH12 4QG

DESCRIPTION:

Removal of Condition 8 of previously approved application DC/21/0738 (Erection of a single storey dwelling with associated parking) relating to water neutrality.

RELEVANT PLANNING HISTORY:

DC/21/0738	Erection of a single storey dwelling with associated parking.	Application Permitted on 01.08.2023
------------	---	-------------------------------------

DESCRIPTION OF THE SITE

The application site is located to the west of Faygate Lane and comprises an area of land to the rear of 1 Brockwell Cottages. The land is surrounded on all sides by residential dwellings that front Halls Drive to the north and Old Forge Close to the west. The area of land is undeveloped and is physically separated from the residential curtilages of the surrounding dwellings (including 1 Brockwell Cottage) by a close boarded fence.

While situated among residential dwellings, the settlement of Faygate is unclassified and has no defined built-up area. The site is therefore located within the countryside in policy terms. The surrounding residential properties are two storey in height, with the dwelling of 9 Halls Drive including a number of first floor windows facing onto the application site. A detached garage serving this dwelling sits immediately adjacent to the northern boundary of the site. The adjacent dwelling to the south is oriented to face west, with ground and first floor side windows facing onto the site. The dwellings of 1-3 Brockwell Cottages are located approximately 15m to the east, with the residential curtilages of these properties backing onto the application site. A commercial car garage is located to the north-east of the site.

The wider surroundings are classified by relatively dense residential development, with enclosed fields and woodland located beyond the boundaries of this development.

RELEVANT PLANNING POLICIES

The National Planning Policy Framework (NPPF)

Horsham District Planning Framework (2015):

Policy 1 - Strategic Policy: Sustainable Development

Policy 2 - Strategic Policy: Strategic Development

Policy 3 - Strategic Policy: Development Hierarchy

Policy 15 - Strategic Policy: Housing Provision

Policy 16 - Strategic Policy: Meeting Local Housing Needs

Policy 24 - Strategic Policy: Environmental Protection

Policy 25 - Strategic Policy: The Natural Environment and Landscape Character

Policy 31 - Green Infrastructure and Biodiversity

Policy 32 - Strategic Policy: The Quality of New Development
Policy 33 - Development Principles
Policy 35 - Strategic Policy: Climate Change
Policy 36 - Strategic Policy: Appropriate Energy Use
Policy 37 - Sustainable Construction
Policy 40 - Sustainable Transport
Policy 41 - Parking

Neighbourhood Plan

Colgate has not been designated as a Neighbourhood Plan Area

Horsham District Local Plan (2023-40) (Regulation 19):

Strategic Policy 1: Sustainable Development
Strategic Policy 2: Development Hierarchy
Strategic Policy 11: Environmental Protection
Strategic Policy 13: The Natural Environment and Landscape Character
Strategic Policy 19: Development Quality
Strategic Policy 20: Development Principles
Strategic Policy 24: Sustainable Transport
Policy 25: Parking
Strategic Policy 37: Housing Provision
Strategic Policy 38: Meeting Local Housing Needs

HUMAN RIGHTS AND EQUALITY:

The application has been considered having regard to Article 1 of the First Protocol of the Human Rights Act 1998, which sets out a person's rights to the peaceful enjoyment of property and Article 8 of the same Act, which sets out their rights in respect to private and family life and for the home. Officers consider that the proposal would not be contrary to the provisions of the above Articles.

The application has also been considered in accordance with Horsham District Council's public sector equality duty, which seeks to prevent unlawful discrimination, to promote equality of opportunity and to foster good relations between people in a diverse community, in accordance with Section 149 of the Equality Act 2010. In this case, the proposal is not anticipated to have any potential impact from an equality perspective.

PLANNING ASSESSMENT

Planning permission was previously granted for the erection of a single storey dwelling with associated parking under application reference DC/21/0738. This current application seeks to remove Condition 8 of approved application DC/21/0738 relating to water neutrality restrictions.

8. ***Pre-Occupation Condition:*** *The development hereby permitted shall be undertaken in full accordance with the water neutrality strategy reference AEG0241_RH12_Fayagate_08_WNS dated 07.07.2020 by aegaea. No dwelling hereby permitted shall be first occupied until evidence has been submitted to and been approved in writing by the Local Planning Authority that the approved water neutrality strategy for that dwelling has been implemented in full. The evidence shall include the specification of fittings and appliances used, evidence of their installation, and completion of the as built Part G water calculator or equivalent. The installed measures shall be retained as such thereafter.*

Reason: To ensure the development is water neutral to avoid an adverse impact on the Arun Valley SACSPA and Ramsar sites in accordance with Policy 31 of the Horsham District Planning Framework (2015), Paragraphs 179 and 180 of the National Planning Policy Framework (2021), its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), and s40 of the NERC Act 2006 (Priority Habitats & Species).

Water Neutrality:

A 2021 Position Statement from Natural England identified that it could not be concluded with the required degree of certainty that new development in the Sussex North Water Supply Zone would not have an adverse effect on the integrity of the Arun Valley SAC, SPA and Ramsar sites. As a consequence, and to comply with the legal duties set out in the Conservation of Habitats and Species Regulations 2017 (known as the Habitat Regulations), all new development since has been required to demonstrate water neutrality.

On 31st October 2025 Natural England formally withdrew the 2021 Position Statement, citing a package of measures that they were satisfied would safeguard the Arun Valley sites. Principal amongst these measures is a reduction in the Southern Water abstraction licence 'by March 2026'. However, given the licence change has not yet taken place Horsham District Council, as competent authority under the Habitats Regulations, cannot yet be certain that new development will not result in adverse impacts on the Arun Valley sites.

To ensure development can come forward as water neutral in the meantime, the Council has agreed with Natural England to use the significant water savings made by Southern Water in 2024/25 through their programme of leakage reduction (amongst other measures). This has generated some 3,240,000 litres per day of water savings that can now be attributed to new development without increasing water abstraction in the Arun Valley beyond baseline. These savings were previously to be used to launch the Sussex North Water Certification Scheme (SNWCS), however following the withdrawal statement SNWCS will no longer be launching. Natural England standing advice dated 10 November 2025 raises no objection to using these savings to enable development to come forward. The standing advice clarifies that it functions as Natural England's formal response pursuant to Regulation 63(3) of the Conservation of Habitats and Species Regulations 2017 to all relevant planning applications which seek to achieve water neutrality using the above Southern Water savings.

Officers have undertaken an Appropriate Assessment which demonstrates that the anticipated increase in mains water consumption from this development, alongside all other development granted since the 31st October 2025, will not exceed 3,240,000 litres per day.

Accordingly, Officers considers by removing condition 8 of the approved planning permission DC/21/0738 the proposed development will not have an Adverse Effect on the Integrity of the Arun Valley Site, either alone or in combination with other plan and projects, thereby complying with Regulations 63 and 70 of the Conservation of Habitats and Species Regulations 2017, HDPF Policy 31, and paragraph 193 of the NPPF. It is however considered reasonable and necessary to impose a

condition limiting water consumption at the development to 110 litres per person per day. This would be subject of a regulatory condition.

Biodiversity Net Gain (BNG):

Schedule 7A of the Town and Country Planning Act 1990 (as inserted by Schedule 14 of the Environment Act 2021) mandates that every development must achieve at least a 10% Biodiversity Net Gain (BNG) (unless the development qualifies as exempt under the Biodiversity Gain Requirements (Exemptions) Regulations 2024) and that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the condition that development must not be begun unless a Biodiversity Gain Plan has been submitted to the planning authority and the planning authority has approved the Plan.

The Biodiversity Gain Plan must show how the development will achieve the required minimum 10% BNG using the statutory biodiversity metric tool, and must demonstrate how the habitats will be managed and maintained for 30 years, starting from the date the development is completed. Off-site gains (on unregistered sites) and significant on-site enhancements will be secured over this period by way of a Legal Agreement.

The Applicant has demonstrated that the development is exempt from the requirement to achieve a minimum 10% BNG by reason of:

- The original planning permission to which this section 73 planning application relates was made or granted before 12th February 2024 (in respect of major development), or before 2nd April 2024 (in respect of non-major development) under Regulation 3 of the Biodiversity Gain Requirements (Exemptions) Regulations 2024

Conclusions:

The proposal is considered to comply with relevant local and national planning policies and is therefore recommended for approval.

Recommendation: Application Permitted

Conditions:

- 2 **Regulatory Condition:** The development hereby permitted shall take place in accordance with the Site Set-Up details provided within the CEMP approved under application ref: DISC/25/0173. The approved details shall be adhered to throughout the construction period.

Reason: As this matter is fundamental in order to consider the potential impacts on the amenity of nearby occupiers during construction and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

- 3 **Regulatory Condition:** The development hereby approved shall be implemented in accordance with the Construction Environmental Management Plan (CEMP) approved under application ref: DISC/25/0173.

Reason: As this matter is fundamental in order to consider the potential impacts on the amenity of nearby occupiers and highway safety during construction and in accordance with Policies 33 and 40 of the Horsham District Planning Framework (2015).

- 4 **Regulatory Condition:** The development hereby permitted shall take place in accordance with the Great Crested Newt Risk Avoidance Method Statement approved under application ref: DISC/25/0173. The approved provisions shall be implemented before development commences and shall thereafter be retained and maintained in accordance with the approved details.

Reason: As this matter is fundamental to safeguard the ecology and biodiversity of the area in accordance with Policy 31 of the Horsham District Planning Framework (2015).

- 5 **Regulatory Condition:** The development hereby permitted shall be implemented in accordance with the Biodiversity Enhancement Strategy for Protected and Priority species approved under application ref: DISC/25/0173. The approved details shall be retained in that manner thereafter.

Reason: As these matters are fundamental to safeguard the ecology and biodiversity of the area in accordance with Policy 31 of the Horsham District Planning Framework (2015), and to enhance Protected and Priority Species/habitats and allow the LPA to discharge its duties under the s40 of the NERC Act 2006 (Priority habitats & species).

- 6 **Pre-Commencement Condition:** No development shall commence until the following components of a scheme to deal with the risks associated with contamination, (including asbestos contamination), of the site be submitted to and approved, in writing, by the local planning authority:

- (a) A preliminary risk assessment which has identified:
- all previous uses
 - potential contaminants associated with those uses
 - a conceptual model of the site indicating sources, pathways and receptors
 - Potentially unacceptable risks arising from contamination at the site.

The following aspects (b) - (d) shall be dependent on the outcome of the above preliminary risk assessment (a) and may not necessarily be required.

- (b) An intrusive site investigation scheme, based on (a) to provide information for a detailed risk assessment to the degree and nature of the risk posed by any contamination to all receptors that may be affected, including those off site.
- (c) Full details of the remediation measures required and how they are to be undertaken based on the results of the intrusive site investigation (b) and an options appraisal.
- (d) A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in (c) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action where required.

The scheme shall be implemented as approved. Any changes to these components require the consent of the local planning authority.

Reason: As this matter is fundamental to ensure that no unacceptable risks are caused to humans, controlled waters or the wider environment during and following the development works and to ensure that any pollution is dealt with in accordance with Policies 24 and 33 of the Horsham District Planning Framework (2015).

- 7 **Pre-Commencement (Slab Level) Condition:** No development above ground floor slab level of any part of the development hereby permitted shall take place until a schedule of materials and finishes and colours to be used for external walls, windows and roofs of the approved building(s) has been submitted to and approved by the Local Planning Authority in writing and all materials used in the construction of the development hereby permitted shall conform to those approved.

Reason: As this matter is fundamental to enable the Local Planning Authority to control the development in detail in the interests of amenity by endeavouring to achieve a building of visual quality in accordance with Policy 33 of the Horsham District Planning Framework (2015).

- 8 Not Used

- 9 **Pre-Occupation Condition:** No part of the development hereby permitted shall be occupied until the car parking spaces (including garages where applicable) necessary to serve it have been constructed and made available for use in accordance with approved drawing number 2038.PL01. The car parking spaces permitted shall thereafter be retained as such for their designated use.

Reason: To provide car-parking space for the use in accordance with Policy 40 of the Horsham District Planning Framework (2015).

- 10 **Pre-Occupation Condition:** No part of the development hereby permitted shall be occupied until a fast charge electric vehicle charging point for that dwelling has been installed. As a minimum, the charge point specification shall be 7kW mode 3 with type 2 connector. The means for charging electric vehicles shall be thereafter retained as such.

Reason: To mitigate the impact of the development on air quality within the District and to sustain compliance with and contribute towards EU limit values or national objectives for pollutants in accordance with Policies 24 & 41 of the Horsham District Planning Framework (2015).

- 11 **Pre-Occupation Condition:** No part of the development hereby permitted shall be occupied until the cycle parking facilities serving it have been provided within the side or rear garden for that dwelling. The facilities shall thereafter be retained for use at all times. The cycle parking facilities shall thereafter be retained as such for their designated use.

Reason: To ensure that there is adequate provision for the parking of cycles in accordance with Policy 40 of the Horsham District Planning Framework (2015).

- 12 **Pre-Occupation Condition:** No part of the development hereby permitted shall be occupied until provision for the storage of refuse and recycling has been provided within the side or rear garden for that dwelling. The facilities shall thereafter be retained for use at all times.

Reason: To ensure the adequate provision of refuse and recycling facilities in accordance with Policy 33 of the Horsham District Planning Framework (2015).

- 13 **Pre-Occupation Condition:** No part of the development hereby permitted shall be occupied until the necessary in-building physical infrastructure and external site-wide infrastructure to enable superfast broadband speeds of 30 megabytes per second through full fibre broadband connection has been provided to the premises.

Reason: To ensure a sustainable development that meets the needs of future occupiers in accordance with Policy 37 of the Horsham District Planning Framework (2015).

- 14 **Regulatory Condition:** Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 and/or any Order revoking and/or re-enacting that Order no development falling within Classes A and B of Part 1 of Schedule 2 of the order shall be erected, constructed or placed within the curtilage(s) of the development hereby permitted without express planning consent from the Local Planning Authority first being obtained.

Reason: In the interest of visual amenity and due to the constraints of the site, and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

- 15 **Regulatory Condition:** The dwelling hereby permitted shall meet the requirement of Policy 37 of the Horsham District Planning Framework 2015 to limit the water usage of each dwelling to no more than 110 litres per person per day. The subsequently installed water limiting measures shall thereafter be retained.

Reason: To limit water use in order to improve the sustainability of the development in accordance with Policy 37 of the Horsham District Planning Framework (2015), and to avoid an

adverse impact on the Arun Valley SACSPA and Ramsar sites in accordance with Policy 31 of the Horsham District Planning Framework (2015), Paragraph 193 of the National Planning Policy Framework (2024), and to allow the Local Planning Authority to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), and s40 of the NERC Act 2006 (Priority habitats & species).

POSITIVE AND PROACTIVE STATEMENT

Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.
