Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Trees and Landscaping
Comments:	We need as much green space as possible for our mental health and to be the lungs of the area, plus the wildlife is crucial to the health and balance of our area. The allotments are an important part of the food supply, as food prices escalate and good fresh food becomes more important. The usual considerations of our infrastructure - roads, schools,

healthcare, water supply and disposal- not being able to support more housing should also be taken into account, particularly as there is another application in for housing near the Hornbrook. Only today there is news of yet more sewage being emptied into nearby rivers and the sea.

Kind regards
