Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment - Trees and Landscaping
Comments:	This 73A retrospective application for unauthorised development compounds and deepens concerns on the initial application, as

amended .

Namely:

1. Design and overdevelopment: the Industrial scale and textures of the buildings and hard standings are wholly out of keeping with Wealden rural setting.
 2. Highway access: even more large vehicles will create greater danger for pedestrians along this popular public footpath, which now doubles up as the sole vehicular access for the site.
 3. Trees and landscaping: the views from Harriots Hill across the countryside have been significantly impacted by this development, with scant evidence of serious amelioration.
-

Kind regards
