SUMMARY OF COMMENTS & RECOMMENDATION: See below	
MAIN COMMENTS: The Crown Hotel is situated within the Horsham Town Centre Conservation Area and has a prominent position in a corner location. Whilst the majority of the proposals would be considered to preserve the historic and architectural significance of the listed building, there would be a concern at the number of lights proposed. The building is within the centre of the historic marketplace and it would be suggested that the number of floodlights, and lanterns etc would be excessive and would not respect the historic character of the conservation area, or the listed building. I would therefore suggest that the number of lights is rationalised to better enhance the building and its setting.
