Comments Details

Commenter Type:	Consultee
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	The copper beech in question is in my garden. If it is causing material damage to a neighbouring property then I do not object to the proposal to fell it, though I would have appreciated an approach first from the applicant. However I would stipulate that the stump should be ground down and removed as part of the works. It is a healthy young tree and is likely to spring up again if the stump is left, requiring further work in the future.

Kind regards
