Comments:	This area is designated a Local Green Space and is used as such. Many dog walkers, families and community members use this area daily to walk, spot wildlife and explore the area. Not only is this development in direct conflict with the neighbourhood plan (which has been voted for by the community) but it will have a drastic, negative impact on the rural status of the lane lane, make it impossible for families to use due to increased traffic and disturb the local wildlife that thrives along the lane and in the field itself.

Kind regards
