Stance: Customer objects to the Planning Application

Reasons for comment: - Overdevelopment

Comments: Please no more in this area. The junction of the High street and Church street is a bottleneck and is difficult to negotiate daily. This is the main route in and out from Sandygate Lane via church Street to the High Street. There are bollards in existence there because the road is already not wide enough at this point to allow the volume of cars in and out of the High Street, it simply is not designed to allow the volume of existing traffic without adding additional housing to this end of the village.

Kind regards
